Overlap Stair Nose

Creates a transition to the edge of the step by overlapping the flooring on the back end instead of being flush.

Quarter Round

These pre-finished moldings cover the expansion space between the floor and the wall.

Our exclusive 5-in-1 transition allows you to utilize a single transition for five different applications.

T-Molding

Used to transition between flooring of equal heights and in doorways.

Hard Surface Reducer

Connects two floors of different heights.

End Molding

Used to finish flooring where it meets vertical surfaces such as walls, fireplace hearths and sliding glass doors.

Carpet Transition

Provides a smooth transition between your hard surface floor and carpet.

Stair Nose*

Provides a complete stair solution for both flush mount and overlap application.
